## ARTIST STATEMENT

*My intention is to celebrate the things I see that excite my desire to make a painting and to formulate for myself those principles which relate to my pictures.*

*David Chapman 1979*

*David Chapman is an artist of colour, lightness, and vivacity. Although his pictures are the result of considerable serious attention. they appear spontaneous. Nothing, however was achieved without consideration, observation, reflection, knowledge and hard work.*

*His work is a significant addition to the great, grand tradition of Australian landscape painting. This exhibition will help show what a triumph of light and air, he created.*

*Michael Shannon October 1986*
